#### **Reasons for Decision**

#### Approval

[1] On 4 May 2011 the Competition Tribunal ("Tribunal") approved the large merger between Hosken Consolidated Investments Limited ("HCl") and KWV Holdings Limited ("KWV"). The Tribunal's reasons for approving the transaction are set out below.

#### The Parties to the transaction

[2] The primary acquiring firm is Hosken Consolidated Investments Limited,¹ a public investment company listed on the Johannesburg Stock Exchange. HCl's major shareholder is the South African Clothing and Textile Workers Union ("SACTWU") with 37.9% of the issued share capital in HCl.

- [3] The target firm, KWV Holdings Limited,<sup>2</sup> is a JSE listed public investment company which owns and operates one of the leading wine and spirits producers in South Africa. HCl currently owns 34.95% of the issued share capital in KWV.
- [4] HCI has been involved in a number of transactions increasing its stake in KWV with the goal of attaining sole control of KWV. This proposed transaction is a further step by HCI towards their goal.

# [6] The Target Firm:

- a. KWV is essentially a vertically integrated wine and spirits business, owns a wine farm, and procures grapes and wine for the production of wine and spirits. KWV owns one of the largest premium brands of wine in the country and also has a non controlling interest in the Paarl Bottling Company.
- b. KWV controls the following subsidiaries:
  - KWV South Africa (Pty) Ltd;
  - KWV International (Pty) Ltd;
  - KWV Intellectual Property (Pty) Ltd;
  - KWV Projects (Pty) Ltd;
  - Kaapse Wynprodusente Vereniging (Pty) Ltd;
  - Wijngaarg Beleggings (Pty) Ltd;
  - Edward Cavendish and Sons (Pty) Ltd;
  - KWV International Holdings Gmbh;
  - KWV International (Europe) Ltd; and
  - Golden Kaan South Africa (Pty) Ltd.

<sup>&</sup>lt;sup>3</sup> http://www.hci.co.za/corp profile.htm

[7] There is no overlap between the activities of the merging parties nor are there any firms in the broader acquiring firm in a vertical relationship with the target firm.

#### The Rationale

- [8] Through the present transaction, HCI intends acquiring 0.05% of the issued share capital of KWV as a further step in its goal of attaining sole control of KWV.
- [9] The result of the acquisition of the 0.05% will result in HCI owning 35% of the issued share capital of KWV and thereby become obliged, in terms of the Securities Regulation Panel ("SRP") Code to extend a mandatory offer to the other shareholders of KWV.
- [10] Depending on the extent of the acceptance of the mandatory offer by the other shareholders, HCl could be placed in a position to acquire the entire issued share capital of KWV.
- [11] HCI further states that by acquiring sole control of KWV, it would be in the position to employ its skilled management team in turning around KWV's underperforming business. This goal seems to correlate with HCl's role as an investment company.

# The relevant market and the impact on competition-

- [12] The parties and Commission agree that the relevant market is the market for the production and sale of bottled wine, bottled spirits, bulk spirits, contract for bottling and carbonated grape juice.
- [13] There is no overlap in the activities of the parties and the Commission is of the opinion that that this merger is unlikely to substantially prevent or lessen competition in the relevant market.

#### **Public Interest**

[14] The merging parties have notified the Food and Allied Workers Union ("FAWU") in their capacity as the employees' representative and no employment issues were raised.

#### Conclusion

- [15] We agree with the Commmission that as there is no overlap between the activities of the merging parties nor vertical integration, the merger does not raise any competition concerns Furthermore no public interest grounds have been raised that would not justify approval of the merger.
- [16] Accordingly, the above merger is approved without conditions.
