2. The Complaint

2.1 On 10 February 2009 the Commission initiated a complaint in terms of section 49B(1) of the Act into alleged prohibited practices relating to collusive conduct in the construction of the stadiums for the 2010 FIFA Soccer World Cup against Grinaker-LTA (the construction operating business unit of Aveng), Group Five (Pty) Ltd, Basil Read (Pty) Ltd, WBHO Construction (Pty) Ltd, Murray & Roberts Limited, Stefanutti Stocks Limited, Interbeton Abu Dhabi nv llc and Bouygues Construction SA

2.2 In addition, on 1 September 2009, following the receipt of applications for Immunity in terms of the CLP, the Commission initiated a complaint in terms of section 48B(1) of the Act into particular prohibited practices relating to conduct in construction projects, by the firms listed below. The complaint concerned alleged contraventions of section 4(1)(b) of the Act as regards price fixing, market allocation and collusive tendering. The investigation was initiated against the following firms : Grinaker-LTA, Aveng (Africa) Ltd, Stefanutti Stocks Holdings Ltd, Group Five (Pty) Ltd, Murray & Roberts, Concor Ltd, G Liviero & Son Building (Pty) Ltd, Gluricich Coastal Projects (Pty) Ltd, Hochtief Construction AG, Dura Soletanche-Bachy (Pty) Ltd, Nishimatsu Construction Co. Ltd, Esorfranki Ltd, VNA Piling CC, Rodio Geotechnics (Pty) Ltd, Diabor td, Gauteng Piling (Pty) Ltd, Fairbrother Geotechnical CC, Geomechanics CC, Wilson Bayly Holmes – Ovcon Ltd and other construction firms, including joint ventures.

3. The Invitation to Firms in the Construction Industry to Engage in Settlement of Contraventions of the Act

3.1 The Commission's investigation of the complaints, as well as several other of the Commission's investigations in the construction industry, led the Commission to believe that there was widespread collusion in contravention of section 4(1)(b) of the Act in the construction industry.

3.2 Section 4(1)(b) provides :

"4. Restrictive horizontal practices prohibited

(1) An agreement between, or concerted practice by, firms, or a decision by an association of firms, is prohibited if it is between parties in a horizontal relationship and if -

(a) It has the effect of substantially preventing, or lessening, competition in a market, unless a party to the agreement, concerted practice, or decision can prove that any technological, efficiency or other pro-competition gain resulting from it outweighs that effect; or

(b) It involves any of the following restrictive horizontal practices:

- (i) Directly or indirectly fixing a purchase or selling price or any other trading condition;
- (ii) Dividing markets by allocating customers, suppliers, territories, or specific types of goods or services; or
- (iii) Collusive tendering

3.3

The collusive conduct engaged in, in the context of the Invitation and this Consent Agreement, included collusive tendering or "bid-rigging". Collusive tendering involves particular conduct by firms whereby as competitors they collude regarding a tender resulting in the tender process being distorted. The bid prices and the bid submissions by these competitors as well as the outcome of the tender process is not the result of competition on the merits. "Cover pricing" in this context occurs when conspiring firms agree that one or more of them will submit a bid that is not intended to win the contract. The agreement is reached in such a way that among the colluding firms, one firm wishes to win the tender and the others agree to submit non-competitive bids with prices that would be higher than the bid of the designated winner, or the price will be too high to be accepted, or the bid contains special terms that are known to be unacceptable to the client. Collusive tendering therefore applies to agreements or concerted practices which have as their object or effect the prevention, lessening, restriction and distortion of competition in South Africa.

3.4

In terms of section 2 of the Act, two of the key objects of the Act are to promote the efficiency, adaptability and development of the economy, and to provide consumers with competitive prices and product choices. Section 217 of the Constitution, 1996 calls for a procurement or tender

system which is fair, equitable, transparent, competitive and cost-effective.

3.5 In addition, the Commission is required in terms of section 21(1) of the Act, inter alia, to implement measures to increase market transparency, to investigate and evaluate alleged contraventions of Chapter 2 of the Act, and to negotiate and conclude consent agreements in terms of section 49D for confirmation as an order of the Competition Tribunal in terms of section 58(1)(b) of the Act.

3.6 Therefore, in the interest of transparency, efficiency, disrupting cartels and incentivising competitive behaviour in the construction industry and a cost-effective, comprehensive and speedy resolution of the investigations referred to above, the Commission decided to fast track these investigations and their resolution by inviting firms that were involved in collusive tendering in the form of bid-rigging of projects in the construction industry, to apply to engage in settlement discussions on the terms set out hereunder.

3.7 On 1 February 2011 the Commission issued a media release about the Invitation and published the same on its website. In the Invitation, hereto attached and marked Annexure A, the Commission offered firms the opportunity to settle alleged contraventions of the Act, if they would:

- 3.7.1 submit an application in terms of PART 2 of the Invitation;
- 3.7.2 agree to pay an administrative penalty or penalties determined by the Commission as envisaged in paragraph 10.2 read with paragraphs 19-28 of the Invitation; and
- 3.7.3 comply with the requirements of the settlement process as set out in PART 1 and PART 3 of the Invitation.

3.8 This agreement sets out the detail of the non-prescribed prohibited practices only, in relation to which WBHO has not been granted

conditional immunity in terms of the Commission's CLP, which the respondent is liable to settle regard being had to the provisions of section 67(2) of the Act. The penalty is calculated taking into account only the said non-prescribed prohibited practices, which WBHO has not been granted conditional immunity in terms of the Commission's CLP.

3.9 Applying firms were required to *inter alia* provide the Commission with truthful and timely disclosure of information and documents relating to the prohibited practices and to provide full and expeditious co-operation to the Commission concerning the prohibited practices.

3.10 An applying firm could request the Commission to consider its application in terms of the Invitation as an application for a marker or as an application for immunity under the CLP. Firms could also apply for a marker or for immunity under the CLP before making an application in terms of the Invitation.

3.11 The deadline to apply for a settlement in terms of the Invitation was 12h00 on Friday 15 April 2011.

4. Applications by WBHO

4.2 WBHO applied on 15 April 2011 and disclosed forty-five (45) prohibited practices. Twenty-three (23) of these are prescribed practices and twenty-two (22) are non-prescribed prohibited practices.

4.4 In respect of the eleven (11) (i.e. 22 less 11) non-prescribed prohibited practices where WBHO is not first, ten (10) non-prescribed (9 projects and 1 meeting) prohibited practices are in the Civil Engineering subsector, however, WBHO is settling nine (9) projects, with the exclusion of the 2010 FIFA World Cup Stadium meeting, which WBHO is of the view is not a contravention of the Competition Act. One (1) non-prescribed prohibited practice is in the General Building subsector.

Furthermore, WBHO is implicated in five (5) non-prescribed prohibited practices which it did not disclose. WBHO has agreed to settle one (1) of these, which relates to General Building subsector.
